Universities & Employers

Head to the main hall to meet employers and university reps to get answers to all your questions. Click on the screens on their stands for more information and start a conversation by clicking on 'Chat with us' (this is a public conversation).

Start a one-to-one conversation

To start a private conversation with a stand rep, click on their name and then the green chat icon either from the public chat, or the green icon in the top right-hand corner of each stand.

Remember everyone at the exhibition is very friendly and is there just to answer your questions! The stand may be busy, so take a look at videos and information on their stand if you have to wait a minute or so.

Fill your Event Bag

Your event bag comes preloaded with the event guide and What Next? magazine. Add any information from stands you'd like to save for later by clicking on the briefcase icon next to it. At the end of the day, go to your bag in the main navigation bar and download anything you'd like to keep.
